There appear to be a few items to insert in highlighted yellow. Mike is on leave this week so I don't know if he communicated back to you with additional details.

I concur contingent on the last few inserts being added.

Thanks.

Subject: RE: draft close out for Odessa Biodiesel

Hi Maureen,

(b) (5), (b) (7)(A)

See also attached the HQ

guidance on this topic.

Be sure to attach this second memo to your original memo, along with attaching the PRP Search report which documents the search done and the financial status of the PRPs. Thanks.

Hi Wally and Dean:

Kris contacted me from training about this memo as the SOL expires on March 27 (this coming Tuesday). (b) (5), (b) (7)(A)

Once I have received comments or edits, I can revise it and send for concurrence.

I was able to reach Mike and he will send his revisions if any.

Best regards,
Maureen

Hi All-

(b) (5), (b) (7)(A)

The PRP Search Report and cost summary have been submitted to the Record Center, but have not yet been processed, fyi. I did not have a chance to submit the 104(e) responses – many of them came in hard copy and they are in the lower drawer of my large filing cabinet if anyone wants access to them.

Please review this draft and send me any comments. If you can get me your comments by COB Thursday, I will incorporate them. Otherwise please send your comments to Maureen and she can incorporate them and put the finishing touches on the memo.

If you have questions, the best way to reach me this week is via email.

Thanks,

Kris
